

Wavefront Sensing Industry Day
November 3, 2011
Building 34 – Room RW150

AGENDA

9:00am	Registration
9:30am	Welcome/Introduction Chief, Innovative Partnerships Office, Nona K. Cheeks
10:00am	Adaptive Optics- Richard Lyon, Optical Scientist Exoplanets and Stellar Astrophysics Laboratory
11:00am	NASA's Hybrid Diversity Algorithm (HAD) Dr. Bruce H. Dean, Leader, Wavefront Sensing and Control Group
Noon	Lunch Break
1:00pm	Wavefront Sensing Technologies Panel Discussion Moderated by: Darryl Mitchell, Tech Transfer Manager Panel by: GSFC's Wavefront Sensing and Control Group
2:30pm	Partnering with NASA Enidia Santiago-Arce, Tech Transfer Manager
3:00pm	Wavefront Sensing Group's Virtual Lab Facilities Tour
3:15pm	Visible Nulling Coronagraph Lab Tour and One on One session with Innovators
4:15pm	Closing Remarks
